Total Sulfur.....	4.000%
Sulfuric Acid (H <sub>2</sub> SO <sub>4</sub> )	

**With MICRO-PACKAGE (optional)**

Micronutrients added per application (specify)

- Boron
- Crop Mix
- Western Magnesium Mix
- HA-1 (Borregro Acid Soluble Humate)
- CA-800 (Borrechel Calcium Lignosulfonate)

**ADVANTAGES:**

16-8-3+4s is an acid-based liquid fertilizer, custom made for western soil conditions.

An ideal source of N-P-K throughout a growing season, for an extended variety of crops.

Contains a low pH (pH< 1) to help counter act high pH soils and assist with uptake of nutrients in western soils.

Acidity helps to maintain clean drip irrigation system

All major nutrients available in one product.

**USES:**

Injection or banding directly into the soil.

Irrigations injections systems.

Frequently used as a full fertility program for a variety of crops due to ease of access to all major nutrients.

Use only with pumps/systems approved for acid fertilizers.

**Pounds of Nutrients  
Per 1 gallon**
